

## Ponytail Donations

Think about your hair, it's a big part of you. Can you imagine suddenly not having any? Give the gift of a wig to a child in need and raise money while you're doing it! Let us help you create your own campaign to raise money and awareness while you grow your hair out!

### How It Works

- You've decided to make the big chop!
- Sky High will help you create your online fundraiser to raise money for your ponytail campaign. We will send you a form to fill out and publish it online.
- You reach out to your friends, family, coworkers, mailman and anyone else about your ponytail. You get to brag on yourself, donating your hair to a child in need is a big deal!
- When you've reached your fundraising goal and desired hair length, you finally make the big chop and donate your ponytail! We love to donate to Children With Hair Loss, a nonprofit who give wigs to children who need them, completely free of charge.

### What are the Donation Requirements?

- If you donate to Children With Hair Loss, you need eight inches of hair, minimum. They do accept color-treated hair and gray hair. Make sure your hair is clean and straight before you cut it!
- If you choose to donate to another organization, their requirements can be found online.
